

CDC ALUMINUM PHILIPPINES CHINA DONG CHENG ALUMINUM

CDC ALUMINUM PHILIPPINES
CHINA DONG CHENG ALUMINUM

COMPANY PROFILE

CDC Aluminum Philippines is a professional aluminum wholesaler, supplying high-end aluminum, local aluminum products, and a full range of accessories.

CDC Aluminum Philippines operates a state-of-the-art production facility for aluminum doors and windows. The company is supported by China Dong Cheng Aluminum, one of the leading aluminum manufacturers with more than 23 years of industry experience. China Dong Cheng Aluminum employs 1,000 staff, including 160 professional technicians. With a complete set of advanced aluminum profile production lines and modern processing technology, the company maintains an annual production capacity of 100,000 tons of architectural and industrial aluminum, as well as 2,000,000 sets of system doors and windows.

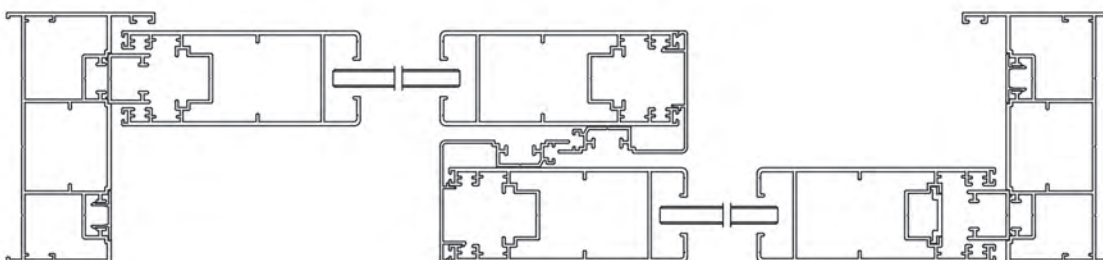

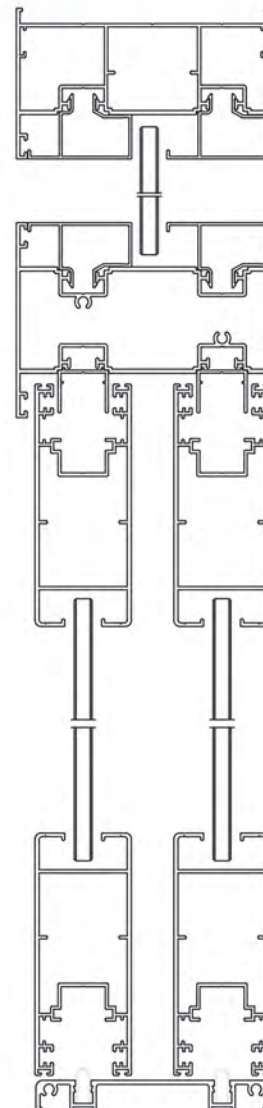

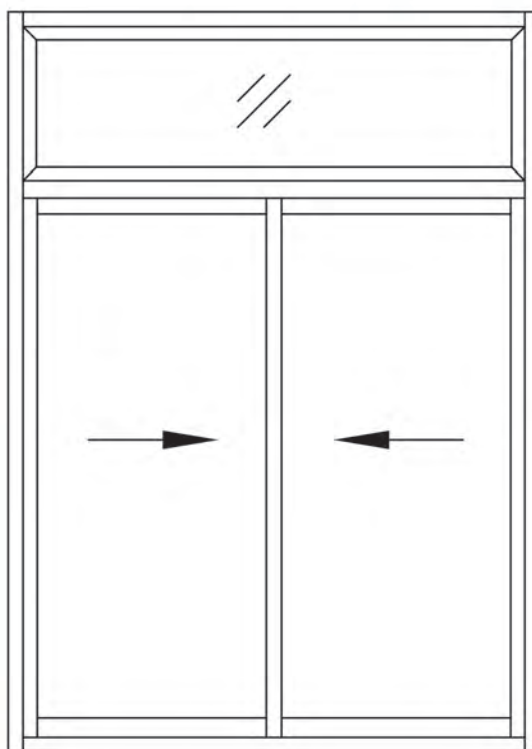

CDC Aluminum Philippines also receives strong technical support from Germany Smetec Door & Window Factory, a manufacturer specializing in high-quality door and window systems since 1985.
